## ABOUT US

SLPL was established in the year 2016 as the first manufacturer of PVC laminates in India. The company has a truly world class manufacturing unit at Greater Noida, Uttar Pradesh with high standard facilities equipped with 4 extrusion lines & 2 texture lines which makes us the largest manufacturer with the capacity to produce 2 million sheets per annum. Our PVC Laminates come in standard thickness of 1.25mm and 3.25mm. Our commitment to deliver quality products, along with prompt services has earned us a pioneering name in the industry.

Quality is one of our core values, as well as business strategy. We have more than 500 unique and elegant designs of PVC Laminates. The company has distributor and dealer network all over India. With the great hard work today we have 4 brands in the market. In 2021, SLPL established Decorative Paper Laminates factory with the high quality 2 press with production capacity of 3 lac sheets per month. Our strength lies in customer trust, the team of professionals always ensures exceeding expectations and staying updated to trend & customer preferences.
